REPORT OF DR. BABASAHEB JAYKAR LECTURE SERIES.

K. J. Somaiya College of Arts, Commerce and Science has conducted the Barrister Babasaheb Jaykar Lecture Series in collaboration with Savitribai Phule Pune University Bahisal Board of Education dated 21,22 and 23 January 2019. First lecture was given on 21st Jan. 2019 at 10.00 am by professor Dr. Bhausaheb Deshmukh, Head of the department of Economics, Rajur Mahavidyalaya on 'How to be employed', presided over by the president of Kopargaon Taluka Education Society, Honorable Ashokrao Rohmare; Dr. Bhausaheb Deshmukh, in his lecture has laid the emphasis on time and planning. "One who utilize time can become true architect of life. Therefore, it is important to work hard for success and persistence. The job is not for financial purpose, but we should shape our life through it. In the current situation Dr. Ambedkar, Karmaveer Bhaurao patil, Chintamanrao Deshmukh are the true paths for better life. Knowledge, Decision making, ability, communication skills and courage can be re-organized for the development of personality to reach upto the goal."

Dr. Deshmukh through citing various examples addressed the students. In the presidential talk Ashokrao Rohmare advised students to take advantage of such lecture series in large number.

Second session of the lecture series was, inaugurated by Prof. Suryakant Gadkari (the Dept of Eng. Rahuri college) dated on 22/01/2019 at 10.00 am to 12.30 pm. He delivered lecture on 'How to live life!' also Prof. Gadkari said that we do not get the time to live life due to the everyday haphazard situation, stress and trauma.

Today people do not laugh because they do not know the fact that for laughing we use 32 muscles only and for emotionless face we use 72 muscles. The choice is ours, what to choose. There is a big difference between the life of students in the past and present in the current era. Students are more exam oriented and they are forgetting about the pleasure in learning process. To experience beautiful life student should remove negativity and they should develop self-esteem. In Shakespeare's words "All the world is a stage" on this stage we should be hard working. Famous philosopher Winston Churchill refused to meet Gandhi because he had the insecurity that Gandhi would change him in 10 minutes, and he would have to leave to leave his power. The chairperson for this session was Dr. B.D. Gavhane, in his speech he addressed the students about the importance, advantages of this lecture series and he appealed to the students from science faculty to be benefitted by such lecture series.

contribution in the field of women's education and social development. It is the golden moment in the history of modern India. Savitribai Phule struggled very hard in her life. She went through the severe criticism by the upper class society, for the betterment of deprived women and girls in contemporary period.

In the modern age her work also stands out to be very inspirational. For the women such as, Indira Gandhi, Pratibhatai Patil, Kalpna Chawla and in the present scenario there are hundreds of women are contributing brightly and representing our country and society on the map of world.

For these three lectures Hon. Principal Dr. Yadav sir guided students. In the introductory speech, course coordinator Dr. J. S. More dealt with the purpose this lecture series and introduction of chief guest. Prof. R.A. Jadhav compeered the sessions to make this series successful. Dr. T.R. Patil, Prof. M.B. Khose, Dr. S. B. (2018-2019)

Introduction:

On the occasion of birth anniversary of Savitribai Phule, that is on 3rd January 2019 Dr. Varsha Zavar commenced her address by expressing gratitude for being part of the memorial of Savitribai Phule, a pioneer in the realm of education and social reform. The speech encapsulated a blend of historical insights, personal reflections, and a call to action, captivating the attention of the audience. She began by acknowledging the enormous contributions of Savitribai Phule in challenging societal norms and advocating for the education of women and marginalized communities. The chief guest highlighted the enduring impact of Savitribai Phule's pioneering work on the educational landscape of India. She worked hard to help girls and women get an education, even when it was difficult at that time. Savitribai and her husband, Jyotiba Phule, started the first school for girls in Pune, Maharashtra, in 1848.

She also fought against things like child marriage and the idea that widows couldn't get married again. Her work made a big impact, and she is remembered as someone who broke the rules to make things fair for everyone. She passed away on March 10, 1897, but her legacy lives on, and we celebrate her for making a difference in the lives of women and society.
